

Interview Questions

Question 1:-

Tell me about yourself.

Ans:- "Certainly, I'd be happy to. I hold a Bachelor's degree in Computer Science and have spent the last six years working in Software development. I've had the opportunity to work on various projects, from developing mobile applications to leading a team of developers in my previous role at XYZ Company. I'm known for my problem-solving skills and my ability to work collaboratively with cross-functional teams. Outside of work, I'm passionate about volunteering for coding boot camps, where I mentor aspiring developers."

Question 2:-

Why should we hire you?

Ans:- "You should hire me because I bring a unique combination of technical expertise, leadership experience, and a proven track record of delivering results. In my
